

SFERIO PENDANT

SFERIO PENDANT

The SFERIO pendant is a minimalist and almost "classic" yet highly effective pendant that seamlessly fits into both modern and historic interiors, ranging from schools to prestige offices.

The SFERIO is available in four different sizes/diameters.

The SFERIO pendant is also available for direct ceiling mounting.

It features both uplight and downlight, contributing to the illumination of the ceiling surface, ensuring that the space is not "visually divided" by the lighting. It is easy to clean and maintain.

Produkt: SFERIO PENDANT

Material & finish: Aluminium, Gray RAL9006. LED. Opal diffuser.

Dimension: Ø97cm, Ø50cm, Ø40cm, Ø30cm. Height 7,5cm.
