

GREN 45 CHANDELIER

GREN 45

A beautiful and modern series of chandeliers GREN 45 designed by the architect company Vilhelmsen, Marxen & Bech-Jensen.

The chandelier, which has a light and elegant expression, is produced in different sizes - from 90 cm to 160cm in diameter. It's also done in two types of surfaces - matt and polished brass. Both these surfaces also are treated with clear varnish.

The picture on the frontpage is from Ringkøbing Chapel.
