

HOSTRUP'S HOTEL, TØNDER, DENMARK

In the heart of Tønder, Denmark's oldest market town, stands a hotel with a history dating back to 1890. In 2018, the hotel was acquired by Vidaa Holding, represented by Kirsten and Lars B. Svendsen, and in collaboration with ARKITEKTER SYD Aps, it has been transformed into a modern oasis where respect for the hotel's history is reflected in every detail.

Okholm Lighting originally supplied a series of chandeliers in an intriguing Sputnik design to the hotel in 1984. These were taken down, polished, and reinstalled in the renovated hotel. Today, they help emphasize an exclusive and comfortable atmosphere.

Produkt: Chandelier

Material & finish: Polished brass

Light sources: Candle-shaped bulb
