JTJ CHANDELIER

The JTJ chandelier is designed by architect Jørgen Toft Jessen. The JTJ chandelier belongs to the JTJ product family along with the JTJ uplight mini and maxi. The JTJ chandelier has been designed with starting point in the JTJ uplight mini. It consists of a big ring on which 6 or 8 pieces of the JTJ uplight mini have been mounted.

The JTJ chandelier is a classic and stylish lighting in which the interaction of the materials, polished brass combined with matt nickel plated brass, provides a fascinating and elegant look.

Material & finish: Polished and lacquered brass and matt nickel plated brass.
Dimension: ø100 or ø120 cm.
Light sources: 6 or 8 halogen lamps. Socket/holder: G9. Wattage: Max. 60 W. 230 V.
Lighting technology: The chandelier emits 100% upward reflected light, creating a soft, indirect illumination in the room through ceiling reflection.
Suspension: Suspended in 4 pipes.
Safety classifications: I.
Ingress protection: IP20.
Approval: CE-marking.
Notes: Uplight and downlight available on request.
Design: Jørgen Toft Jessen
