okholmlighting
BY CARL HANSEN & SØN

The MO320 Floor Lamp is a practical and functional lighting solution. The shade can be freely adjusted in various positions, making it easy to optimise lighting — whether for reading, crafting, or focused tasks.
The light source is well-shielded, effectively preventing glare and ensuring visual comfort.

Danish designer Mads Odgård has chosen to focus on two simple and recognisable forms: the hemisphere and the cylinder — shapes with a clear, logical connection to natural light.
