BY CARL HANSEN & SØN

SCAN PENDANT WITH ARC SHADE. E27.

The SCAN pendant is a minimalist pendant availabel with two shade variantes: straight or arc.

Its simple design makes it highly suitable for repetitive installations. The SCAN pendant is versatile and can be mounted effectively at various installation heights.

The minimalist design allows it to fit seamlessly into all types of architectural environments. It is particularly well-suited for repetitive installations.

The SCAN pendant is also offered in several finishes, including patinated, white lacquered, and black. Shades can also be customized in other variations.

Additionally, the pendants can be used as fixtures integrated into custom lighting designs. Available configurations include mounting in ceiling outlets, on track systems, directly on ceilings, on rods, or as a wall lamp. It is also featured in various chandelier designs.

Product: SCAN PENDANT WITH ARCH SHADE. E27
Material & finish: Lacquered Brass - polished or matt.
Dimension: Shade diameter: Ø15 cm. Height: 78 mm. White cable 150 cm.
Light sources: Socket/holder: E27. Wattage: Max. 60 W. 230 V.
Lighting technology: The pendant creates a downward lighting effect through its small shade. The light source is unshielded, and dimming is therefore recommended. The two shade variants, curved and straight, produce a decorative effect around the fixture.
Suspension: White Plastic cord. 150cm
Safety classifications: II.

Ingress protection: IP20.
Approval: CE-marking
Notes: The SCAN pendant is supplied with a white PVC power cord or, upon request, in a 1.5m version. The wall and ceiling versions are available with the same specifications. Other material versions are available upon request. For further information, contact Okholm Lighting at mails@okholm-lighting.dk.
