

GREN PENDANT 600

GREN PENDANT 600

The GREEN pendant is a minimalist and decorative fixture that can create unique atmospheres in a space thanks to its well-thought-out adjustable lighting concept: uplight, downlight, or a combination of both.

The pendant's design is minimalist and modern, yet so refined that it seamlessly integrates into a wide range of architectural settings.

Produkt: GREN PENDANT

Material & finish: Polished and lacquered brass. White lacquered (RAL 9010) shade.

Dimension: Ø60cm. H: (without light source) 23 cm.

Light sources: One low-energy bulb in 12 W (630 lm), 16 W (950 lm), 20 W (1200 lm) or 23 W (1500lm) and one circular fluorescent tube with digital dimming in 40 W (3300 lm) or 55 W (4200 lm). 230 V. Socket/holder: E27/2GX13.

Lysteknik: The pendant provides a pleasant indirect light that is reflected downward, while an opal diffuser prevents discomfort glare. A circular light tube with digital dimming emits upward light. The pendant can be adjusted to three different lighting combinations.

Suspension: Suspended in 3 wires.

Safety classifications: I.

Ingress protection: IP20.

Approval: CE-marking

Design: Vilhelmsen, Marxen & Bech-Jensen
