

TRINITATIS PENDANT

TRINITATIS PENDANT

The Trinitatis pendant is a minimalist and elegantly illuminated pendant.

Its minimalist design makes it highly versatile for both new and historic architecture, as well as for applications in churches and foyers.

The glare shield prevents discomfort glare, while the lower horizontal ring reduces direct glare when looking up into the fixture. Additionally, it reflects light, ensuring that the fixture itself is beautifully illuminated when switched on.

Produkt: TRINITATIS PENDANT
