

SATIN CEILING

SATIN CEILING

The SATIN CEILING is a versatile ceiling fixture that provides a pleasant and decorative light, making it suitable for both repetitive installations and individual mounting. The sandblasted opal acrylic diffuser ensures comfortable illumination and prevents direct glare discomfort.

The SATIN CEILING is also available as a PENDANT variant, which comes in four sizes.

Produkt: SATIN CEILING

Material & finish: Polished and lacquered brass or white lacquered RAL 9010. Shade: Sandblasted glass opal acryl

Dimension: Shade: ø12 cm. Height: 19.5 cm

Light sources: Socket/holder: E27. Wattage: Max 60W. 230V

Lysteknik: The ceiling fixture emits a soft and pleasant downward-directed light. The opalized shade reduces direct glare discomfort and creates a beautiful, soft lighting effect.

Suspension: Mounting on a PL-junction box.

Safety classifications: I.

Ingress protection: IP20

Approval: CE-marking

Remark: The luminaire is available in other diameters and heights on request
