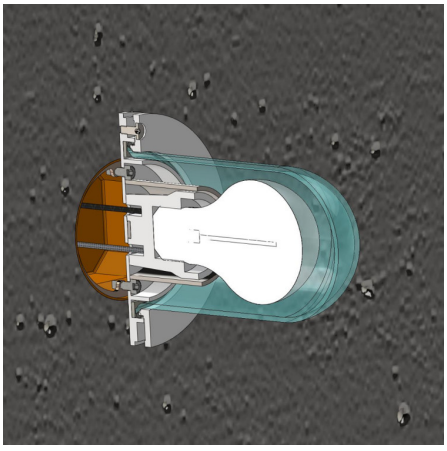
BY CARL HANSEN & SØN



NYMOELLE INDOOR

The NYMOELLE WALL is a simple wall lamp with a classic industrial design, offering great versatility for applications such as entrance areas, niches, or smaller corridors. It can be used both as orientation lighting and as decorative illumination.

Suitable for both historic buildings and modern architecture.

The NYMOELLE WALL can also be used as ceiling lighting, for example, in basements, where it can be mounted close to the wall, utilizing it as a reflector.

The NYMOELLE WALL is also available for outdoor installation. See NYMOELLE OUTDOOR.

Material & finish: White lacquered steel or copper
Dimension: Largest diameter:ø112mm. Largest projection:125mm
Light sources: Socket/holder: E27. Wattage: Max. 60 W. 230 V.
Lighting technology: The wall lamp provides a clear and direct light, as the light source is enclosed within a clear glass cylinder. When combined with dimming, it allows for the creation of decorative lighting scenarios.
Suspension: Mounting on a PL-junction box
Safety classifications: I.
Ingress protection: IP44
Approval: CE-marking
Notes: Also available for outdoor use. See: OUTDOOR LIGHTING.
Design: Fogh & Følner Architects
