

FAKKEL W250 WALL

FAKKEL W250 WALL

The FAKKEL W250 WALL is a simple yet atmospheric wall-mounted luminaire, emitting a pure, glare-free light. The light source creates a beautiful halo-like glow within the spherical enclosure when illuminated.

FAKKEL W250 WALL is minimalistic, timeless, and classic. It is available in various color finishes: anthracite gray (C6), black, or aluminum gray texture (E3). The FAKKEL series is also available as a post-top luminaire in the same colors, as well as in a copper version.

FAKKEL W250 WALL provides a radially symmetric light distribution, enhancing atmosphere in areas with trees and shrubs. It is particularly suitable for parks, cemeteries, and forecourts of corporate buildings and hotels.

See [FAKKEL LUMINAIRE M300/M450](#) and [FAKKEL MAST M450 COPPER](#).

Produkt: FAKKEL W250 WALL

Material & finish: Cast aluminium, powder coated anthracite (C6), black or alu grey texture (E3).

Dimension: Bowl: ø250/100 mm. Total height: 44 cm.

Light sources: Socket: E27, max. 100 W/230V.

Lysteknik: The luminaire provides an unshielded, radially symmetric light emission from the light source. The clear enclosure

illuminated, the circumference of the glass globe is decoratively accentuated.

Suspension: Directly on the wall. Installation: 2 x 2,5 terminal block + earth terminal. Hidden or visible installation.

Safety classifications: I.

Ingress protection: IP23.

Approval: CE-marking.

Design: Brüel, Bornebusch, Selchau
