

FAKKEL MAST M300/M450

FAKKEL MAST M300/M450

FAKKEL MAST is a simple yet atmospheric post-top luminaire that emits a pure, glare-free light. The light source gives the spherical enclosure a beautiful halo-like glow when illuminated. The luminaire is both minimalistic, timeless, and classic. It is available in various colors, materials, and two different sizes, and also comes in a wall-mounted version, FAKKEL WALL. This allows for cohesive lighting solutions extending up to buildings and their immediate surroundings.

The luminaire provides a radially symmetric light distribution, making it particularly effective in areas with trees and shrubs. This makes it ideal for parks, cemeteries, forecourts of corporate headquarters, and hotel entrances.

Material & finish: Cast aluminium, powder coated anthracite (C6), black (RAL 9005), or alu gray texture (E3).

Dimension: Globe/Fixture Head: Ø30 cm or Ø45 cm

Light sources: Max 100 W (M300) / Max 200 W (M450). 230 V.

Lysteknik: The luminaire provides an unshielded, radially symmetric light emission from the light source. The clear enclosure allows the light source's characteristics to fully unfold. When illuminated, the circumference of the glass globe is accentuated decoratively.

Suspension: Mounting: Ø30 cm: Ø42/Ø60 mm • Ø45 cm: Ø60/Ø108 mm

Safety classifications: II

Ingress protection: IP23.

Approval: CE-marking.

Remark: Installation: 3 x 2.5 kv. terminal block for cable installation.

Design: Brüel, Bornebusch, Selchau
